Sir:

Your favor of 11th inst at hand  
There has evidently been an error made  
in calculating the price of the 16<sup>in</sup> 3ply  
Leather Belting. The list on this size 3ply,  
is three times single list =  $642 \text{ per foot}$  - less  
cost 5% =  $2,43 \frac{96}{100}$  net per foot. The prices  
you state on other items are ok.

Please make correction as to price  
of 3ply Belting & oblige

Yours truly

Melville Lindsay

Please advise if I shall furnish goods at  
once or await further orders.
